GAINESVILLE, FLORIDA, MONDAY, APRIL 19, 1909

ONE DOLLAR A YEAR

FLORIDA SENATE INVITES BRYAN TO SPEAK

Body is Well Up With its Work, and Many Members Are Spending Sunday at Their Homes.

TALLAHASSEE, April 17.—The Upper House of the Florida Legislature will complete the second week of the session of 1909 well up with its work. The committees have given proper consideration of the many bills, resolutions and other matters referred to them, and the calendar stands practically cleared. The Senate is nearly ten days ahead of the record of work of the session of 1907. To date, there have been introduced 161 bills, besides numerous resolutions, some of which were joint and concurrent. Unlike the Lower House, the Senate did not adjourn at noon Friday until 3 p. m. Monday, but will meet again at 4 p. m. this afternoon, provided a quorum is present. The members are tired by a strenuous week of work, and as many have gone home to spend Sunday it is quite likely that a quorum will not answer to the roll call.

Motion to adjourn until Monday was made, however, but objection to the same was raised by Senator Beard, who stated that he was anxious to have the Senate take up and pass immediately the bill enabling the city of Pensacola to commence and carry out to completion certain contemplated municipal improvements, including the paving of streets, etc. This bill was introduced by Mr. Stokes of Escambia in the House of Representatives and passed. In the event the Senate meets today Mr. Beard will at once propose that it be taken up and passed.

Senator Cone introduced a resolution yesterday extending an invitation to Hon. William Jennings Bryan to address the Florida Legislature. The resolution was passed, there being no opposition offered. The secretary of the Senate was instructed to transmit a copy of the resolution to Mr. Bryan.

The committee on temperance reported favorably upon the joint resolution providing for constitutional amendment in order to let the people of Florida decide the question of State-wide prohibition. The constitutional amendment committee will not report upon the resolution until later, probably at the same time the House committee reports.

Routine Proceedings.

Twenty-nine members were present at roll call at 10 o'clock.

Among the bills introduced were the following:

Senate Bill No. 143, by Harris—

Fixing salary of Attorney-General.

Senate Bill No. 144, by Dayton—Cancelling certain tax sale certificates.

Senate Bill No. 152, by Adkins—Relating to commitment of minors to reform school.

Senate Bill No. 153, by West—To protect landlords against destruction of property by tenants.

Senate Bill No. 154, by McCreary—Prohibiting log carts on certain public roads.

No. 7, by Sloan—For joint committee of five to confer with State officials regarding relief of counties affected by supreme court decision on educational funds. Adopted.

Bills on second reading: Senate Bill No. 24, by Williams—Relating to railroads. Reported unfavorably. Indefinitely postponed.

Bill No. 37, by Dayton—Prohibiting catching of food fish from Crystal river with nets in Citrus county. To third reading.

Bill No. 88, Dayton—Providing for transfer of money from one county fund to another. To third reading.

Bill No. 23, Dayton—Allowing circuit judges clerical aid. To third reading.

Bill No. 81, by McMullen—Requiring boards of county commissioners to advertise for bids for public work and for supplies. To third reading.

Bill No. 32, by Williams—Disqualifying certain persons from holding office or appointments or acting as jurors. To third reading.

Bill No. 35, by Williams—For regulation of secret society meetings. Amended to allow officers to enter into any place where he believes secret meeting is being held contrary to law. To third reading.

Bill No. 90, by Mr. Massey—Providing for special road tax for cities and towns. To third reading.

Bill No. 2, by McCreary—For cheaper text-books. To third reading.

Bill No. 96, by Mr. Hudson—Raising school age from 6 to 7 years. To third reading.

Bill No. 65, by Mr. Sloan—Prohibiting sale or giving away of certain narcotics. To third reading.

Bill No. 45, by Mr. Sloan—Governor pardon applications. To third reading.

Bill No. 92, by Mr. Broome—Removing fee from cotton seed meal manufactured in Florida. Reported unfavorably and indefinitely postponed, to which Mr. Broome agreed.

CO-OPERATIVE CONTEST WILL START TUESDAY

ONE DIAMOND RING AND TWO PIANOS TO BE GIVEN AWAY.

From Sunday's Daily Sun:

The Sun and a number of progressive merchants have combined and purchased a handsome diamond ring, valued at \$200, and two pianos that will be given away in the same manner as the recent contest, which proved so popular with such a large number of people throughout the county.

They propose to give one vote for every penny that is spent with them in cash. This means the paying of all bills and also all cash purchases. The county will be divided into districts in order that the girls of the country will be given an equal showing in one of the greatest contests ever inaugurated in this section of the State.

Three sections will be embraced, the diamond ring going to some girl residing within the Gainesville section, this including the city and everyone within a radius of four miles.

The Eastern and Southern section will include Fairbanks, Waldo, Orange Heights, Campville, Melrose, Island Grove and everything up to and including Micanopy, and the Tacoma and Wacahoota sections—for this part the young lady receiving the largest number of votes will be awarded a handsome Williams piano—value \$350.

The Western and Northern section will include Hague, Alachua, High Springs, Newberry, Trenton, Wannee, Bell, Wilcox and Archer and all communities embraced in this section. To the young lady receiving the largest number of votes here another fine Williams piano will be given, valued at \$350.

These prizes are given in order that the large number of citizens residing in the county, and who are compelled to come to Gainesville to do their trading, will share alike in the distribution of the prizes.

This is a chance for ambitious young ladies to win the prizes, as they can work among their friends and secure a large number of votes by soliciting subscriptions and posting them as to where to do their trading when visiting the city.

There is a large amount of money spent in Jacksonville and elsewhere that you can assist in throwing here, where you will receive the benefit of it, and the way to win is to get busy immediately and commence to work for the prizes. Canvass among your friends and whenever they visit Gainesville have them visit the places where they can obtain votes on all purchases.

Every line has been secured in this contest in order that you may be supplied in anything you want, and the merchants here are noted to carry the largest and most complete stocks, outside of the metropolitan cities, of any place in the State.

Following is the list of merchants who have joined the Co-operative Contest, and which promises to be the greatest contest ever given in this section of the State:

Gainesville Furniture Company, furniture.

Phifer & Morris, clothing and furnishings.

Gainesville Hardware Company, hardware and plumbing.

Mrs. F. T. McCormick, millinery.

W. M. Johnson, drugs and patent medicines.

Gainesville National Bank, bankers.

L. C. Smith, shoes and jewelry.

Mrs. R. Wilson, dry goods and notions.

Saunders & Earle, groceries and feed stuffs.

Crawford & Davis, livery and sale stables.

P. Y. Smith, fresh meats.

Gainesville Planing and Coffin Company, lumber and building material.

The contest will open Tuesday morning and run to August 18th, 1909.

HOUSE TO RECEIVE COMMISSION'S REPORT APR. 21

Investigation of Internal Improvement Fund Will Prove Interesting---Invitation to Bryan.

TALLAHASSEE, April 17.—The commission elected by the Legislature of 1907 to investigate the acts and doings of the Trustees of the Internal Improvement Fund has made a voluminous report embracing a large amount of testimony as well as documentary evidence. The research seems to have been thorough and complete. There was no difference of opinion among the members of the commission until they reached that portion of the report that deals with the legal contention of the trustees' general counsel, former Governor Jennings, when Judge Syd L. Carter, chairman of the commission, differed as to the law and filed a dissenting opinion on that point.

The commission finds that the trust was coupled with the obligation to drain and reclaim the lands; that the land granted to the railroad companies was only the residuary interest therein; that at many times during the existence of the trust there was wasteful mismanagement; that many of the acts, both in the early and later administrations, were inexcusable and that the improvident expenditure of the trust fund under the guise of payment for legal services to favored attorneys are deserving of the highest censure.

Made Special Order.

Upon request of Judge Carter, Representative from Alachua, the House of Representatives made the report of the commission the special order of business for Wednesday, April 21, when Judge Carter, chairman of the commission, is expected to give a full and lengthy explanation of the whole report in periods of ten years, and rumor has it around the capitol that portions of the speech will be caustic in the extreme and highly interesting; that he will hew to the line, let the chips fall where they may, and that if anything in the past deserves censure it will get it and if there is

anything in more recent years that resemble a garden implement it will be called a spade.

Invitation to Mr. Bryan.

During the day's session, Mr. Calkins of Nassau offered the following resolution:

"Be it resolved by the House of Representatives: That the Hon. William Jennings Bryan of Nebraska be invited to address the House of Representatives of the Legislature of Florida.

"Be it further resolved that the chief clerk be instructed to telegraph this resolution to Mr. Bryan."

The resolution was adopted by viva voce vote, there being no opposition offered. The purpose of the resolution is to give Mr. Bryan an opportunity to appear and defend himself against certain statements made by Hon. Frank Clark, Congressman from the Second district, in his speech in reply to the charges embodied in resolution introduced by Mr. Alexander of Volusia.

Upon learning of the action of the House in adopting the resolution Mr. Clark, who is here with his wife, stated that should Mr. Bryan accept the invitation and attempt to answer the invitation he (Clark) would be on hand and was desirous of being granted the opportunity of answering any statement Mr. Bryan should make.

Being well up with its work the House adjourned shortly after the noon hour until 3 p. m. Monday, and many of the members caught the out-going trains in the afternoon for home to spend Sunday. Nearly 250 bills have been introduced in the House to date. This is a record for a two-weeks of work. The House has demonstrated that it is a genuine working body and all records for results will doubtless have been smashed when the time for the ending of the session arrives.

Orange County Murderer Pays the Death Penalty

ORLANDO, April 17.—Jesse Willis, alias "Alabama," a negro, was hanged in the county jail yard yesterday morning by Sheriff Kirkwood for the murder of W. H. Hammond, his employer, some months ago.

Willis was employed by Mr. Hammond as a section hand and at the trial it was brought out that he had a grievance against Mr. Hammond. The murder occurred while Mr. Hammond was on a fishing trip with Willis, the negro slipping up behind him,

striking him on the head with an axe, killing him instantly.

Willis escaped but was captured shortly afterwards. The evidence against him was purely circumstantial, but was so strong that he was convicted and sentenced to death by Judge Beggs.

The negro had been cheerful for several days, believing that at the last moment his sentence would be commuted to that of life imprisonment, but Governor Glchrist refused to interfere.

Many Guests Burned in San Francisco Hotel Fire

SAN FRANCISCO, April 17.—Six bodies recovered and probably eight or ten others buried in the ruins; six injured, one fatally, property loss \$125,000—these are the results of a fire yesterday that destroyed the St. George Hotel, a lodging house for laborers at Howard and Eighth streets. Eight other small buildings were burned. The bodies taken to the

morgue were so charred that identification was impossible.

The hotel was a three-story frame building. It burned so rapidly that none of the 150 guests had time to dress. Many escaped by jumping to the roof of an adjoining workshop. Scores clambered down the firemen's ladders and the fire escapes on the building. Four jumped to safety in a net held by the fire fighters.

Sea Island Cotton Market Firm Past Week

SAVANNAH, Ga., April 17.—The market for Sea Islands was firm with a good demand, which includes all grades except the three lowest, and business was done at outside quotations. One sale of 100 bales of extra selected cotton was reported as high as 21c. Actual sales for the week were nearly double the amount as officially reported. Considerable sales were made of cotton not quite up to extra choice, but better than choice, at 17c.

Accounts from the new crop are mainly favorable. A reduced acreage is reported from the Eastern Georgia counties, where the planters are putting in uplands instead, but no reduction is indicated in Florida and Southwest Georgia. In Southwest

Georgia the crop is unusually advanced, and chopping out is already reported in some localities.

Sales for the week were 682 bales.

The following prices were based on factors' quotations and are revised weekly on Fridays:

MISS ELLIS WINS IN THE PIANO CONTEST

Great Interest Was Manifested Closing Day, and Millions of Votes Were Cast.

From Friday's Daily Sun.

Miss Dorian Ellis wins the beautiful piano offered by The Gainesville Sun and three of the prominent and progressive business houses of the city—the Gainesville Hardware Co., Phifer Bros. and Hyde & Tench.

Early yesterday it was reported on the streets that such and such a candidate had received such large numbers as 400,000, 500,000 and the like, but very few of the citizens gave any credence to the reports. After the count last night, however, it developed that reports made were founded upon facts.

Miss Dorian Ellis received the large vote of 1,243,680 and Miss Bessie Dupree 872,195 out of a total of 2,292,890 votes cast yesterday. The vote far exceeded any estimate ever placed upon the number of votes that would be cast in the contest.

Both of the leading candidates worked for all there was in it and the ultimate result was not known until the count was completed last night.

As will be seen by referring to the figures published below, the following young ladies will receive due bills for \$200: Miss Bessie Dupree, Miss Catherine Halle, Miss Florrie Strickland, Miss Mary Daughtrey, Miss Mary McCormick and Miss Mabel Sanchez. The due bills will be awarded as soon as they can be received from the Bush & Safford Piano Company, who will sign same and deliver to us at an early date.

Misses Nannie Dickinson, Alma Fennel, Julia Carter, Anita Groff, Estelle Beal and Alice Strickland will receive due bills for \$175 each.

Misses Jessie Evans, Emma Hudson, Annie Beville, Elvena Staf, Mrs. I. Ware and Miss Goldie Lambert will each receive due bills for \$150.

Following is the total number of votes each candidate received the closing day: Miss Dorian Ellis, 1,243,680; Miss Bessie Dupree, 872,195; Miss Mary McCormick, 33,015; Miss Florrie Strickland, 25,410; Miss Mabel Sanchez, 24,210; Miss Emma Hudson, 1,395; Miss Nannie Dickinson, 820; Miss Estelle Beal, 465; Miss Catherine Halle, 460; Miss Elvena

Staf, 435; Miss Alice Strickland, 390; Mrs. I. Ware, 155; Miss Julia Carter, 35; Miss Jessie Evans, 25.

Following is the total number of votes each contestant received during the entire period of the contest:

Miss Dorian Ellis, city.....	3,302,790
Miss Bessie Dupree, city.....	2,933,020

A Liberal Proposition.

The Gainesville Hardware Company, one of the firms interested in the contest, makes the following very liberal proposition:

"Editor Sun: Inasmuch as the two young ladies who are in the lead in the piano contest have worked so faithfully and earnestly, and inasmuch as the young lady who comes out second-best will be entitled to a certificate for \$200 on another piano, we, the Gainesville Hardware Company, in order to show our appreciation of the faithful work done by the young ladies, will agree to pay one-fourth of the additional cost for a piano for the one coming out second best. We offer to pay one-fourth because of the fact that there are four of us interested in the contest.

"Yours very truly,
"GAINESVILLE HARDWARE CO."

from Governor Gilchrist would probably be forwarded to the Legislature within the next few days asking that some steps be taken to obtain the appropriation made at the last session for this institution and that he understood that there was now about \$40,000 of the amount available.

It is known that there has been a number of contractors here figuring on improvements to be made during the coming summer, but Mr. Bryan was non-committal on this question and said they would do their best with the money allowed them.

Both gentlemen expressed themselves as delighted with the rapid growth Gainesville is making and hoped that it would continue.

For Constipation.

Mr. L. H. Farnham, a prominent druggist of Spirit Lake, Iowa, says: "Chamberlain's Stomach and Liver Tablets are certainly the best thing on the market for constipation." Give these tablets a trial. THE ADMINISTRATION BUILDING PROPOSED

LARGE FIRM WANTS TO ERECT SAME ON TIME.

No Action Taken by Board of Control at Present Time, as They Lack Funds.

It was learned Thursday that a proposition has been made by a large contracting firm who want to erect the Administration building at the University grounds and wait for their money from the State until it is available.

This firm proposes to erect the Administration building according to the original plans and specifications and give the State ample time to pay for the work, or until the funds are available from the money already appropriated for this purpose by the Legislature.

This building is estimated to cost in the neighborhood of \$250,000 and it is proposed to have it ready for occupancy soon as the contractors can get the work completed.

The building is to be located in front of the dormitories already constructed, Thomas and Buckman halls, and will be an immense structure.

It is to be hoped that something definite will be done in the matter and that within a very few months work will have really begun on new buildings, as well as the repair work contemplated for the dormitories, the latter amounting to about \$10,000.

Best Treatment for Colds.

"Most ordinary colds will yield to the simplest treatment," says The Chicago Tribune, "moderate laxatives, hot foot baths, a free perspiration and an avoidance of exposure to cold and wet after treatment." While this treatment is simple, it requires considerable trouble, and the one adopting it must remain in doors for a day or two, or a fresh cold is almost sure to be contracted, and in many instances pneumonia follows. Is it not better to pin your faith to an old reliable preparation like Chamberlain's Cough Remedy, that is famous for its cures of colds and can always be depended upon? For sale by all druggists.

The "Trades Extravaganza."

From Friday's Daily Sun:

The "Trades Extravaganza," given under the auspices of the Woman's Guild of Holy Trinity church at the New Baird last night, was the most interesting production of its kind ever seen in the city.

Every business firm was represented, by some character and the novel way in which the ads. were prepared was catchy and pleasing. Some very handsome costumes were shown, and the affair was one of the greatest successes ever given in Gainesville.

Both floors of the building were filled with spectators and the continuous applause showed that it met with hearty approval.

SECOND WEEK OF SESSION NEARING END

ALEXANDER'S RESOLUTION IN HOUSE CENSURING CLARK

Caused Little Ripple of Excitement.
Animated Debate Over Postponing Sen. McCreary's Bill.

(Special Correspondence.)

TALLAHASSEE, April 15.—The second week of the Legislative session is rapidly drawing to a close and so far there is little indication of the sensational features somewhat freely predicted by a certain portion of the press of the State before the date of convening.

A little ripple on the otherwise smooth waters was caused by the "James-Alex" resolution in the House censuring Frank Clark for his attitude toward the Bryanite wing of the Democratic party in a recent speech in Congress by that distinguished representative from the Second Congressional District. Clark found some very able defenders in the course of the debate that followed, and the general consensus of opinion seems to be that should he take advantage of the opportunity extended to appear in his own behalf that he will be very amply able to take care of himself and thoroughly competent to impress his views of Democracy upon all who may be fortunate enough to hear him.

An Animated Debate.

A rather animated debate which was participated in by many Senators followed the motion to indefinitely postpone Senate Bill No. 39, by Mr. McCreary, being "A bill to be entitled 'An act to amend Section 3404, Article 12, General Statutes State of Florida, relating to entry on enclosure to hunt or fish.'" This bill had been reported unfavorably by the Judiciary Committee B, and in accordance with the rules of the Senate the chairman of that committee, Senator Cone, made the motion stated. In opposing the motion to indefinitely postpone Senator McCreary clearly explained the object of the proposed amendment, which, in effect, simply repealed that section of the law requiring posting of enclosed lands for a specified number of days by the owner and how the law as it now stood was an injustice to the farmer. The incongruities of the existing laws was brought out, demonstrating the fact that now the owner of uncultivated enclosed lands was protected, but so soon as any crops were planted it seemed necessary for the owner or occupant to post the same. He instanced cases where the posted signs were destroyed and similar abuses that his measure was designed to protect.

The debate became very general. Senator Baker of the twentieth; West, Beard, Sloan and Williams favoring the McCreary bill and Senators Cone, McLeod, Dayton and Miller opposing. Finally on motion of the introducer the bill was recommended to the committee, as it was understood some of its friends desired to suggest an amendment.

The news of the sad death of John LaFontaine reached Tallahassee Wednesday night and many have been the expressions of regret, both at the Capitol and elsewhere. Few men had a wider or more thoroughly appreciated acquaintance among public

Old people stooped with suffering.
Middle age, courageously fighting.
Youth protesting impatiently;
Children, unable to explain;
All in misery from their kidneys.
Only a little backache first.
Comes when you catch a cold.
Or when you strain the back.
Many complications follow.

Urinary disorders, diabetes, Bright's disease.

Doan's Kidney Pills cure backache.
Cure every form of kidney ills.

Mrs. N. E. Carter, 108 W. McCormick street, Gainesville, Fla., says: "My son complained of a weak back and pains across his kidneys for some time. He came home at night, tired and hardly able to eat anything. It was difficult for him to assume a comfortable position and he felt generally miserable. Finally he decided to give Doan's Kidney Pills a trial and procured a box. This remedy soon removed all signs of kidney trouble and he has had no return of it since."

men throughout Florida, or were more universally liked. His bright disposition, his cheerful greeting and the knowledge that his hand never held the pen in malice, all combined with his ability and fairness, made him one of the State's most appreciated writers.

Peter O. Knight.

Among prominent arrivals at the capital during the week is Hon. Peter O. Knight of Tampa, whose smiling countenance is familiar to all who have been "round the Legislature" for the past twenty years. Colonel Knight first made his appearance in Tallahassee as a representative from Lee county in the late 80's, when he was the youngest member of the House. He was then but a little over 21 years of age and it is doubtful if he has missed a session since that time.

Tallahassee is giving us all a taste of very disagreeable weather, which, by the way, is not unusual for the Capital City in April. Several of the visitors and members are ill, among the latter Senators Jos. Humphries and Lewis Zim, who are under the care of physicians. Others are also indisposed but try to attend their duties. There has hardly been a day during the present session that we have not had disagreeable rains and on many days so cool that a fire was very comfortable.

Hon. Frank Clark, it has been announced, is expected to arrive in the city today. Mr. Clark has been retained by Colonel Wailes to present his case to the present Legislature. It is thought he will only request permission to establish his case in the courts of the State, and be entirely willing to abide by any judicial decision.

Truckers Are Happy.

Conductor C. R. Carter speaking yesterday about the trucking business around Evinston remarked that this was the best season they had experienced in many years. That two weeks ago the growers of cabbage around Evinston had received \$25,000 for the product shipped and had been busy since shipping, getting not less than \$1.50 per crate f. o. b. Their lettuce brought a good price, and the bean crop is doing well and from the present outlook their tomato crop, at fair prices, will round out the season's yield with fully \$100,000, to say nothing of their farm crops. He said the truck growers all along the line, from Citra to High Springs, were in the best of spirits.—Ocala Star, 13th.

GRAND LODGE OF FLORIDA TO CONVENE IN SPECIAL SESSION.

Building to Be Opened for Public Inspection from 10 a. m. to 1 p. m. on Thursday April 28th.

April 28th will be a gala day for Gainesville and the Masons and they are making elaborate preparations for the grand event of dedicating the new temple.

Commencing at 10 a. m. the building will be thrown open for a public reception, this to last until 1 p. m., giving all a chance to visit the new home and inspect it thoroughly.

At 3:30 p. m. the Grand Lodge of Florida will assemble in special session for the dedication services, which will embrace the impressive ceremonies of the order. Grand Master Lewis C. Massey, together with other prominent Masons of the State, will be present.

The exercises will close with one of the most elaborate banquets ever held in the city, but aside from the lodge members only a few invitations will be issued. The hour and place will be announced later.

The complete program has not as yet been fully arranged, but will be completed within the next few days and published, showing that many prominent Masons of Florida are to take part in the ceremonies.

ROBINSON—HOBBS.

License was issued here on the 14th inst. for the marriage of Mr. R. R. Robinson of Naylor, Ga., and Mrs. Alice Hobbs of High Springs. The ceremony was performed at that place yesterday and the happy couple departed at once for their future home in Georgia.

The bride is a native of Florida, reared in Citrus county, and a resident of High Springs for a number of years, and is a lady of sterling worth and amiable character.

The groom, who has visited this section several times recently, mainly in the interest of Duncan Jordan, a relative, under indictment for the killing of George Bryant, has by his straightforward and gentlemanly demeanor gained a host of friends who join us in wishing him and his bride a peaceful and prosperous journey through life. A FRIEND.

Objects to Strong Medicines.

Many people object to taking the strong medicines usually prescribed by physicians for rheumatism. There is no need of internal treatment in any case of muscular or chronic rheumatism, and more than nine out of every ten cases of the disease are of one or the other of these varieties. When there is no fever and little (if any) swelling, you may know that it is only necessary to apply Chamberlain's Liniment freely to get quick relief. Try it. For sale by all druggists.

Mayor's Court Friday.

In the case of H. G. Kennard, charged with reckless shooting on the street, Mayor Davis imposed a fine of \$10 and costs.

Mention was made of this case a few days since, the defendant having caught up with a negro stealing his vegetables and fired at him in an attempt to make him stop.

People past middle life usually have some kidney or bladder disorder that saps the vitality, which is naturally lower in old age. Foley's Kidney Remedy corrects urinary troubles, stimulates the kidneys, and restores strength and vigor. It cures uric acid troubles by strengthening the kidneys so they will strain out the uric acid that settles in the muscles and joints causing rheumatism. J. W. McCollum & Co.

The Black Hand has claimed its third victim for the year in Tampa in the death of G. Figarota, a wholesale grocer and member of the City Council of West Tampa.

Foley's Honey and Tar is a safeguard against serious results from spring colds, which inflame the lungs and develop into pneumonia. Avoid counterfeits by insisting upon having the genuine Foley's Honey and Tar, which contains no harmful drugs. J. W. McCollum & Co.

BALLARD'S SNOW LINIMENT

READ THIS REMARKABLE CURE

"I was much afflicted with rheumatism, writes Ed. C. Nud, Iowa, Sedgwick Co., Kansas, 'going about on crutches and suffering a great deal of pain. I was induced to try Ballard's Snow Liniment, which cured me, after using three 50c bottles. IT IS THE GREATEST LINIMENT I EVER USED; have recommended it to a number of persons, all express themselves as being benefited by it. I now walk without crutches, and am able to perform a great deal of light labor on the farm.'"

Dr. Edward Conradi has been elected president of the State College for Women at Tallahassee by the Board of Control and State Board of Education, a vacancy having occurred when Dr. Murphree was elected to the presidency of the State University in Gainesville. The Orlando Reporter-Star has arrived at the following conclusion: "The Easter game was between eggs and hats with the odds on hats. Eggs are always the same shape but hats are not. Sometimes they turn up and sometimes they turn down, and in either case they turn the heads of the wearers and turn the pocket-book wrong-side out. Easter hats have Easter eggs and in fact the old-time Easter bonnets beat a mile."

CONSTITUTIONAL AMENDMENTS.

The Pensacola Journal says "the Governor is absolutely right in declaring that all proposed constitutional amendments submitted for popular action should be carefully and fully explained in all their bearings," and adds that "one would think, however, that the discussion of their merits and demerits by the press ought to be sufficient to serve the purpose."

The vote on amendments submitted to electors of Florida has been very light as a rule, and it is doubtful if anything like a fair expression will ever be drawn out along this line if some change is not made.

Regarding the submission of proposed amendments to the constitution. The Times-Union says:

"A little friendly advice is not amiss, whether it is accepted or not. We offer this unsolicited suggestion to the Legislature: Stop offering trivial amendments to the constitution. If a very important change is found desirable submit it to the people; but don't try to get them to change tweedledum to tweedledee tomorrow and then ask them to change tweedledee back to tweedledum the next day.

"At every session of the Legislature a large number of amendments to the constitution are proposed. Three or four or perhaps five or six run the gauntlet of the Legislature, and are submitted to the people, who regularly vote them down. The regularity with which the people kill proposed amendments ought to suggest the folly of offering them unless some very important change is proposed. Generally the changes are from the opinion of Mr. Brown in the constitutional convention to the opinion of Mr. Smith in the Legislature, and the people say 'hang it all; it's a matter of no importance, let the law stand as it is.' If members will stop offering trivial amendments to the constitution the people may begin to pay attention to those that they do offer.

"To the people we make this suggestion: Don't take it for granted that an amendment offered for your approval is worthless. Of course there is a lot of chaff, but there may be a little wheat. Consider the proposed changes and vote intelligently. Pick the valuable from the worthless and engraft it into the fundamental laws of the State while you throw the worthless away."

THE SCHOOL BOOK BILL.

(Tallahassee News, April 16.)

As Senator McCreary of Alachua county has for years been a champion of State uniformity of school text-books, having for the past three sessions of the Legislature introduced what many people believed to be the best bills submitted along this line. The Morning News editor was anxious to learn from him something concerning his new bill relating to school text-books, known as Senate Bill No. 2.

"What does your new bill relating to school text-books provide for, Senator?" asked the editor.

"Why, it provides for just what the title says," replied Mr. McCreary; "to secure to the people of Florida school books at lower prices; as cheap as they are sold for in any other State of the Union; for the exchange of books where children move from one county to another where the same text-books are not in use, etc. It requires publishers to file with the State Superintendent a certified statement of the lowest net prices at which text-books are sold in the various counties of Florida or any part of the United States, and requires them to furnish said books in Florida as cheap as they are sold in any other State. Both the standard and special editions are to be supplied under my bill, thus obviating the necessity of paying high prices for books where the cheaper editions will answer all requirements. My main objection to the methods heretofore pursued by the publishers of school text-books has been that they charged the people of Florida exorbitant prices as compared with prices charged in other States, and that when a child removed from one county to another in most cases a complete set of new books had to be purchased. Both these discriminations on the part of publishers will be remedied if my bill becomes a law, and I honestly believe it is the solution of the school book problem, without creating any new offices."

THE RAILROAD COMMISSION.

The Seaboard Air Line railway and the Atlantic Coast Line railroad have been making a charge of 39 cents per 100 pounds on cotton from Alachua, Fla., to Savannah, Ga., and 41 cents per 100 pounds from Gainesville and 69 cents per 100 pounds from Hawthorn, all three of these points being equal distance from Savannah.

The Hawthorn shippers managed, in some cases, to get a rate of 45 cents by shipping locally from Hawthorn to Gainesville and then using the Gainesville rate to Savannah.

The case was brought before the Railroad Commission by Messrs. Smith & Johnson of Hawthorn complaining of the discrimination in rates, and after investigating the Railroad Commissioners called upon the two lines above referred to to put in a uniform rate of 39 cents per 100 pounds from all three points to Savannah, Ga., which the lines declined to do, after which the Commissioners made a formal case before the Interstate Commerce Commission, and the case was heard by the Interstate Commerce Commission some time in January, after which it was taken under consideration.

A dispatch from Washington, under date of April 15, states that the Interstate Commerce Commission has rendered a decision in favor of the Florida Railroad Commission, establishing a uniform rate of 39 cents per 100 pounds from Alachua, Gainesville and Hawthorn to Savannah, Ga.

This matter was handled by the Commissioners through their special counsel without cost to the complainants, and is another evidence that the Florida Railroad Commission can be and is of benefit to the people of Florida if those who are being discriminated against by the transportation companies will take advantage of the opportunity afforded them to obtain redress through the Railroad Commission.

The Pensacola Journal believes that the joint resolution calling for the submission of a constitutional amendment for State-wide prohibition of the liquor traffic in Florida will be passed by the Legislature, and says the sooner the matter has been disposed of the better it will be for all concerned. In advising an early disposition of the issue, The Journal says: "The point now is that the Legislature—which is going to pass it anyway—should pass this resolution at once and be done with it. That will settle it so far as the Legislature is concerned and that body can then get down to other business, leaving the liquor question to be passed on by the people one year from next November."

PROHIBITION BILLS TO COME UP 23rd

TALLAHASSEE, April 16.—Despite the efforts of Senator Beard, the Senate yesterday declined to consider his statutory prohibition bill when it came up as a special order, but postponed the special order until Friday of next week.

The action of the Senate was not intended to be a reflection on the bill at all. It was taken because Senator McMullen explained that on that date the temperance committees of both houses will consider the constitutional amendments and will hear arguments on both sides of the question. Senator McMullen asked that the bill be taken up at the same time.

The Senate killed the bill of Senator Sloan repealing the present bill legalizing horse racing. But there is another bill before the Senate having the same object in view, as well as one in the House.

Senator Williams' bill prohibiting the attendance of negroes upon white gatherings and vice versa, was also reported unfavorably and indefinitely postponed.

LAFONTISEE'S DEATH WAS ACCIDENTAL

MONOXIDE POISONING, SO SAYS THE CORONER'S JURY.

Further Particulars Learned Which Substantiate First Statement of The Sun on Monday.

From Saturday's Daily Sun:

That the death of J. O. LaFontisee was purely accidental and not suicide, as was first published by several papers throughout the country, was the finding of the coroner's jury, who pronounced it accidental death due to monoxide poisoning.

His friends here disbelieved the report from the first and the relatives had an investigation started which will be heard from within the next few days, as the party sent from here has not been communicated with since his arrival in the National capital.

The Sun also disbelieved the theory advanced by the newspaper reports, and being furnished with information that justified this belief, withheld comment on the case until now. We reproduce an article from The Washington Daily Times of April 14th, which was mailed this office by W. H. Draeger, a former citizen of Gainesville:

"Following an autopsy performed at the undertaking establishment of Thomas W. Hindle, Coroner Nevitt this afternoon gave a certificate of accidental death in the case of J. O. LaFontisee, a title expert in the Forestry Service who was found dead yesterday in a bath room at the Regent Hotel.

"Coroner Nevitt said that the autopsy revealed that death was due to asphyxiation, with the characteristics of carbon monoxide poisoning.

"The body of Mr. LaFontisee, who had been in the Government service since January 23, will be shipped to his home in Jacksonville, Fla., this evening."

REMAINS LAID TO REST.

Large Crowd Attend the Services at St. Patrick's Church.

The large number who attended the funeral services of the late J. O. LaFontisee at the church Friday afternoon was evidence of the high esteem in which the young man was held by his hosts of acquaintances and friends in Gainesville, his home city.

Long before the hour for the services the church was comfortably filled and upon the arrival of the corpse, members of the family and the Elks lodge, almost every available space in the large building was occupied.

The services were conducted by Father P. J. Lynch under the usual impressive Catholic ceremony, after which the remains were conveyed to Evergreen cemetery and laid to rest, it having finally been decided to place them here instead of at Hawthorn.

Many friends of deceased called at the home Friday morning to view the remains. He was highly regarded here for his many manly traits and kindnesses to thousands during life.

The floral offerings from orders of which he was a member and friends of the family were as handsome and profuse as ever seen in the city, it requiring an extra vehicle to transport them to the grave.

Many out-of-town friends were present to pay their last respects and further attest their deep sympathy for the bereaved family.

The deceased was a member of Fernandina Lodge, B. P. O. E., and this lodge instructed the Gainesville lodge to look after the remains, which they did and attended in a body. He was also a member of the Knights of Pythias of Jacksonville.

JONESVILLE NOTES.

JONESVILLE, April 16.—Mrs. H. M. Andrews has returned to her home after spending several days with her parents, Mr. and Mrs. P. J. Hathcox. Mr. and Mrs. W. J. Hamilton of Newberry visited at Mr. and Mrs. J. J. Griffin's Sunday.

W. J. Holt of Newberry visited friends and relatives here Sunday. Misses Stella and Irene Miller were shopping in Newberry Monday morning.

On last Wednesday afternoon at about 3:30 o'clock our church burned down. It caught on the top from a tree, which had been ignited from the burning woods. It is our plan to rebuild just as soon as we can. A colored farmer who was plowing in a near-by field saved two lamps and a bible—everything else was burned. The trees are badly scorched, but some of them will soon be all right again. Only two or three were killed.

Mr. and Mrs. J. G. Watson gave a dance last Friday night.

Mr. and Mrs. Leroy Lassiter are entertaining the latter's sister.

Mr. and Mrs. Alfred Warden have moved to a place near Jacksonville.

Mr. and Mrs. Smith of Cadillac, Mich., have returned to their home after spending the winter with their daughter, Mrs. Warden.

Should William Jennings Bryan and Congressman Clark meet for a discussion of each other before the Florida Legislature, the eye of the entire political world would be focused on Tallahassee.

Dr. Sledd's Resignation as President of University

Dr. Andrew Sledd, who recently tendered his resignation as president of the University of Florida, has mailed a copy of the document to The Sun, with a request that it be published. It is as follows:

"Gainesville, Fla., April 8, 1909.
"The Honorable Board of Control,
"Tallahassee, Florida.

"Gentlemen—I respectfully tender you herewith my resignation as President of the University of the State of Florida to take effect at the close of the present year, or at such other time as you may prefer.

"I take this step mainly for the following reasons.

"1. I understand that the Board of Control is entirely subordinate to the State Board of Education, so that, while you may (and do) desire to retain my services for the State, you are not free to follow your own judgment in the matter. I understand, also, that a majority of the State Board of Education, under the influence of State Superintendent Holloway (whose hostility to me, and the causes for it, and manifestations of it, are well known to your board), is unwilling to ratify my election by you. The consequences of your unqualified support of my election under the circumstances, it is not proper for me to assume. I must, therefore, tender my resignation, in order that you may have entire liberty of action in the premises, and be freed from any possible embarrassment on my account.

"2. As I understand the present situation, it has a sinister political history and significance, with the details of which your board is more or less familiar. If my position is to be regarded and dealt with as a political office, if my tenure of office is to be dependent upon my acquiescence in the application of political methods to the administration of an educational enterprise, my past record and present attitude necessitate my resignation.

"3. So far as I am aware, the only criticism made against me is that the institution does not have as many stu-

dents as the critics think it ought to have. I must absolutely repudiate the number standard as the proper test of the efficiency and success of an institution of learning. This institution was established to provide a reasonably high collegiate education for the young men of the State. I think I may venture to say, with proper modesty, that it is accomplishing this result. I may add, also, that it has more college students than any other institution in the State. If it is demanded that number must be secured without reference to their fitness for the work, or to the methods adopted for securing them, I am certainly not the man for the place; and am unwilling to hold the position I now hold under any such conditions.

"I am only a school man. I must conduct an educational enterprise along lines of sound educational policy as I understand it. I cannot do more; I will not do less.

"Finally in presenting this resignation, I desire to express to the Board of Control my sincere appreciation of your kindness and courtesy toward me, and of your cordial support in the midst of many and unusual difficulties. I desire, also, to make one final request; namely, that you give to the public the full details of this whole transaction. You gentlemen have known me and my work intimately for four years. You know the whole course of my administration, and the whole series of events culminating in the present situation. In simple justice to myself and my record, as well as in the larger interests of the State of which we are the common servants, I urge you to give all the facts to the public, which is entitled to know exactly how we have administered our public trusts. Such action on your part would be a crowning service to the cause of political decency and sound educational policy in the State; and I urge upon you, as my final recommendation, that you make all the facts known to all the people. Respectfully,

"ANDREW SLEDD,
"President."

Big Deal at Micanopy.

MICANOPY, April 17.—Our town and community continues to prosper. Quite a nice little deal was consummated here on the 15th inst., when Mrs. A. H. Emerson of Tacoma sold to Mr. Lawrence of Indiana two hundred acres of choice land. Mr. Lawrence, with a colony, will move in in the fall and will prove quite a valuable acquisition to the community. J. H. Schneider & Co. of New York

have also bought extensively of our farm land recently and everything forbodes better times for Micanopy section.

Mrs. Emerson is to be congratulated on her earnest efforts to build up our section, and also in landing Mr. Lawrence.

Tonic or Stimulant?

There is an immense difference between a tonic and a stimulant. Up one day, way back the next; that's a stimulant. Steady progress day by day toward perfect health; that's a tonic. Lively Debate in House on Wall's Reimbursement Bill

TALLAHASSEE, April 16.—Proposing that in all prosecutions of criminal cases in the State courts, the complainant or the person injured shall, as in civil actions, where convictions are effected, receive damage as reimbursement for injury sustained, a bill which was introduced by Mr. Wall of Bradford created an animated discussion in the lower branch of the Legislature yesterday morning.

The bill provides that in all prosecutions of criminal cases in State courts for larceny, theft, breaking and entering, obtaining money by false or fraudulent pretense or for offenses of like character, where property is a permanent loss to the owner, it shall be the duty of the trial judge to admit testimony as to the true nature of all such property or money of which the owner has been permanently deprived and the jury upon rendering a verdict of guilty against the defendant, shall state in such finding the true value of the property lost; that the judge shall give a certificate to the injured person, showing the amount of damages, the certificate to be paid by the officer collecting the fine imposed.

If sentence is imposed, the county commissioners shall pay the certificate out of the fine and forfeiture fund of the county, but if the convicted person be a State convict, the State Comptroller shall pay the certificate out of the funds derived from the hire of State convicts, provided that no certificate shall be paid unless sentence is sufficiently long to compensate the State for the costs of the trial and conviction.

A measure of this character has been before the Legislature for the past several sessions. The Wall bill was introduced several days ago in

the House and referred to the Judiciary Committee, which reported unfavorably upon the measure.

Quite noticeable was the lining-up in opposition to the bill of the lawyer members of the House, who hold that although the passage of the bill would not affect their profession one way or another, they could see no good merits contained by the measure in its present form. Upon the reading of the unfavorable report of the committee, motion was made to have 200 copies of the bill immediately printed. This motion was lost.

Mr. Chaires of Lafayette offered an amendment to the effect that the law shall not apply to any person who has a good civil right of action against the party defendant, which prevailed.

Motion to indefinitely postpone action upon the bill was lost by a vote of 53 to 12.

Mr. Roberson of Suwannee then offered an amendment that the proposed law apply only in circuit court cases. This motion was lost.

The bill now goes to the Engrossing Committee and will probably be passed.

Resolution Withdrawn.

Mr. Roberson of Suwannee asked privilege to withdraw resolution offered on previous day inviting Dr. Andrew Sledd to address House.

Those who offered amendments were willing and the resolution was withdrawn. Mr. Roberson stated that he now feared the resolution may cause embarrassment should it be adopted.

In the rush of other matter, the Legislature should not forget the protection due the Florida forests. The time to protect the timber interests is while there is timber to protect.

REVIVAL SERVICES.

Rev. Sweet to Begin Series of Meetings at Advent Christian.

The Advent Christian church will begin a series of revival meetings on Monday night at 7:30.

The services will be under the direct supervision of Rev. C. H. Sweet, who has been engaged in evangelistic work in Massachusetts, New York and Connecticut, but now at Dowling Park, Florida. Rev. Sweet is a noted evangelist, having founded fifteen church organizations. He is a man of intensely interesting manner in his utterances, conducting his meetings in such a manner as to reflect credit upon all Christians and their towns. His courteous manner and straightforward method win the confidence and love of all who hear him.

Meetings every night through the week, beginning Monday night. A cordial invitation is extended everyone. Ministers are specially invited, and will be asked on the platform with the speaker.

All Christians of all denominations are asked to participate in these revival meetings, the main object being the salvation of souls. The church has been prospering under the care of J. T. Johnson, the pastor. Some twenty-five have been brought into the church, mostly young people.

A Young People's Society has been organized with fifty-four members.

MISS MCCREARY ELECTED.

Will Represent Stonewall Camp, U. C. V., at Memphis, Tenn.

At a recent meeting of Stonewall Camp, U. C. V., Miss Irene McCreary was unanimously chosen to represent the camp at the division reunion to be held in Memphis, Tenn., on June 8-10th.

County Clerk S. H. Wienges was also elected as a delegate from this camp to be present at this reunion. Others will very likely attend the meeting, which promises to be a very interesting event.

Card of Thanks.

I would like personally to express to each of my friends my sincere appreciation of the assistance I have received from them during the past four months of The Sun piano contest, but as this is impossible, I wish to thank each one, young and old, white and colored, through The Sun for their loyal support to me. With deepest gratitude and assurance that it will ever be remembered,

Sincerely,

Roberson of Suwannee Desires to Hear Dr. Sledd

TALLAHASSEE, April 15.—The introduction by Mr. Roberson of Suwannee of a resolution extending an invitation to Dr. Andrew Sledd, who recently resigned as president of the University of Florida, to address the House, precipitated a warm and interesting discussion in the lower branch of the Legislature yesterday morning.

Immediately following the introduction of the resolution, Mr. Carter of Alachua offered an amendment extending an invitation to Dr. Murphree, who succeeds Dr. Sledd as president of the University, and Dr. Conrad, who succeeds Dr. Murphree as president of the Woman's College, to address the House as well.

A second amendment was offered by Mr. Malone of Monroe, providing that State Superintendent Holloway be also invited.

Mr. Roberson objected to the latter amendment. However, the amendments were accepted in viva voce vote, and the resolution was unanimously adopted.

Mr. Carter then made a strong appeal to the House to reconsider its action. He did not believe the Legislature was the proper place to air the differences between the Board of Control of State educational institutions, and that surely the resolution was meant for no other purpose. He did not favor anything that tended to retard progress along educational lines.

Mr. MacWilliams coincided. He, too, offered an appeal to the House to reconsider its action on the matter. The resolution finally went over under the rules for further consideration.

A resolution extending an invitation to Dr. Lincoln Hulley, president of Stetson University, to address the House was offered by Mr. Alexander of Volusia, and unanimously adopted.

Concurrent Resolutions.

Concurrent Resolution No. 1, by Mr. Miller of Lake—Providing for the appointment of a committee of five, three from the House and two from the Senate, to investigate the work of reclaiming the Everglades and the ca-

nal work on the East Coast, was adopted.

I. I. Board Investigation.

Mr. Carter of Alachua, as chairman, reported the investigation of the committee by the Legislature of 1907, to examine the affairs of the Internal Improvement Board from its inception in 1855 to the present day. The report is quite voluminous and Mr. Carter moved that a consideration of the report be made a special order of business for 11 a. m. Tuesday. On account of the statement that certain members would not be present during the session of courts at home, Mr. Alexander then moved to amend his first motion, making a consideration of the report a special order for 11 a. m. Friday, April 23. Carried.

Resolution being next in order, the following was read:

Communication from Governor recommending that State treasurer be made a member of the pardon board instead of attorney-general, who shall act as counsel in the interest of the State whenever a petition for pardon is filed, was read. Referred to Constitutional Amendment Committee.

New Bills.

House Bill No. 154, by Duke of Alachua—Relating to amending statutes regarding fresh water fish.

Among the bills on second reading, were the following:

Bill No. 4, by Carter of Alachua—Prescribing time for holding terms of court in Eighth judicial circuit was next read. Went to Committee on Engrossed Bills.

Bill No. 5, by Carter of Alachua—Fixing penalty for larceny of hogs. Mr. Carter stated there was no provision of law for person stealing more than twenty hogs. Bill to take natural course.

Bill No. 7, by Carter of Alachua—Regulating sale of liquor in counties voting against sale of liquor. Mr. Carter said that present law only makes it a misdemeanor and that his bill provides that second offense makes it a felony. Bill was reported favorably by Judiciary Committee. Bill to take natural course.

J. O. LaFontisee

(From Tallahassee Morning News.)

Being aware that Senator H. H. McCreary had known J. O. LaFontisee, who died in Washington last Tuesday, from childhood, the deceased having been associated with him for a number of years on The Gainesville Sun, The Morning News man asked the Senator yesterday what he knew of Mr. LaFontisee's career, to which he replied:

"John LaFontisee, or 'Johnnie,' as he was known to myself and family, was one of the best boys I ever knew. He went to work for me when about sixteen years of age, being employed at first as a compositor on The Daily Sun. He was always faithful in the performance of his work, and the first opportunity I had I let him try his hand as local reporter. It was a surprise to me how quick he 'caught on,' and he soon became one of the best local reporters in the State. In the course of a few years he also became of great assistance to me in the editorial work on The Sun, and he rendered me valuable assistance in every department of the office, always be-

ing ready and willing to lend a helping hand wherever and whenever his services were needed. When war was declared between the United States and Spain, LaFontisee asked me if I would hold a position open for him in case he joined the army, and I told him yes, that if he was patriotic enough to enlist I would have a position for him when he was mustered out of service. He enlisted at Tampa, but when he learned that his company would not be sent to Cuba, he tired of life as a soldier and, through the efforts of Senator Mallory, obtained his discharge. He returned to work with The Sun for a while, afterwards going to Havana as special correspondent of a New York paper, and later became one of the editors of The Havana Daily Post. He remained in Cuba for two years or more, when he again accepted the position as one of the editors of my paper, remaining with me until he was offered and accepted the position of city editor of The Times-Union, which position he filled with credit. I was considerably occupied with politics during 'Johnnie's' association with me, and he was my 'field manager' in the strenuous campaign of nine years ago, when a determined effort was made to defeat me for re-election. He remained in the 'saddle' for me from the opening until the closing of the campaign, and to him I was largely indebted for my success in one of the hardest-fought political battles ever experienced in a county in this State. He rejoiced in my success as much as I did myself. A great many persons thought General Gilchrist had made a mistake in placing LaFontisee in charge of his campaign for Governor last year, but I knew from past experience that Gilchrist had not made a mistake. He made hundreds of votes for Gilchrist in Alachua county, and, to my surprise, even succeeded in carrying the county for him in the last primary.

"Johnnie" LaFontisee was looked upon as one of our family by my wife and I, having lived with us most of the time he was in my employ. He used to nurse my little girl and boy as he would his own brother and sister. They loved him as a brother,

SENATE PASSES PUBLIC- ITY BEFORE SALE BILL

TALLAHASSEE, April 15.—When large tracts of land are sold in the future by the State, public notice will have to be given under the provisions of the bill by Mr. Sloan of the Seventh, passed by the Senate under suspension of the rules yesterday. It is probable that the bill will be passed by the House and signed by the Governor.

Routine Proceedings.

Twenty-eight responded to roll call when the Senate was called to order at 2 o'clock.

New bills as follows:

No. 119, Zim—Providing for licensing of plumbers. To organized labor committee.

No. 121, Henderson—Fixing standard of cotton seed meal. To public health committee.

No. 125, McMullen—Relating to rights of waiver.

No. 126, Sloan—Penalty for drunkenness.

No. 127, Johnson—Regulating disposing of personal property.

Joint Resolution 128, Harris—Proposing constitutional amendment relating to establishing of courts.

No. 129, Relating to recovery of claims against common carriers.

Senate Bill No. 6, by Sloan—Providing that no judgment shall be reversed by an appellate court, except for reasons affecting the merits of the action. Unfavorable report. Mr. Cone moved indefinite postponement. Motion carried.

Senate Bill No. 8, by Sloan, requiring that public notice shall be given when any of the public lands of the State are to be sold in large tracts. Favorable report. On calendar to third reading. Mr. Harris moved third

reading and passage. Adopted. Bill passed.

Senate Bill No. 10, by Johnston—Prohibiting fire insurance companies doing business in this State, in the absence of fraud, misrepresentation or deceit upon the part of the party insuring, from setting up a defense against the payment of a policy, lack of title in the party insuring. Favorable report from Judiciary B. On calendar to third reading.

Senate Bill No. 30, McCreary—Relating to entry on enclosure to hunt or fish. Unfavorable report by Judiciary. Mr. Cone moved indefinite postponement. Mr. McCreary objected, claiming that it should not be necessary to post premises any more than to post a person's house. Mr. Sloan endorsed the stand of Mr. McCreary. Mr. West took the same stand. Mr. Baker of the Twentieth objected to postponement. Chairman Cone of the committee claimed the present statutes are sufficient and that the proposed bill was too stringent.

Mr. Miller of the Fourteenth said that under the proposed law persons could use it for spite if they wished. He believed that it would cause innocent persons to suffer, though he expressed the belief that Mr. McCreary's intentions were of the best. Messrs. Dayton, Massey and McLeod opposed the bill and Mr. Beard, after looking through statutes, hoped the bill wouldn't be postponed. Mr. McCreary moved to recommit bill to committee. Motion adopted.

Senator Cone presented report of I. I. F. investigating commission.

Adjournment was then taken until 10 o'clock Thursday.

Notice of Election.

Notice is hereby given that an election will be held at Micanopy, in Special Tax Sub-Road District Number One, on Tuesday, May 18th, A. CONGRESSMAN CLARK ADDRESSES LEGISLATORS

Defends Himself Before House of Representatives
Relative to Alexander Resolution.

TALLAHASSEE, Fla., April 16.—Asserting that he is answerable to the people of the Second Florida District and not to the State Legislature, Congressman Frank Clark opposed the resolution by Representative Alexander of Volusia, denouncing him for alleged utterances made on the floor of Congress, in a two-hours' speech before the Florida House of Representatives last night.

The hall was crowded to the doors and the speaker won frequent applause, for even his political enemies concede his ability as a speaker. The resolutions were not acted upon, as they are set for a special order for April 27th.

Congressman Clark quoted his utterances from The Congressional Record and claimed that he didn't attack Champ Clark or say that the Florida Legislature instructed him to speak against Bryan. He reiterated his attacks upon Bryan, designating him as "that Nebraska Populist." He brought many arguments to bear against the Democratic leader and claimed that he is already a prospective leader for 1912.

He claimed that he had done more work for the cause of the party during the campaigns while Bryan was the standard-bearer than all the back-ers of the resolutions put together.

"Yes, I'll work for him again if he is nominated by the party in 1912," he said in reply to a question. "The people of the South in '72 had to hold their noses and vote for Horace Greely."

Before continuing his discussion of Bryan the Congressman paid his respects to Representative Alexander of Volusia, who introduced the resolutions. He stated that because of the resolutions he has decided to stand for re-election and challenge Alexander and any others to run against him before the people of the Second district.

"No self-respecting white Democrat in the South can stand for the further effort of this man to reach the Presidency when he believes in the Government ownership of railroads," said Congressman Clark. Under this he claimed negroes would hold all positions on the railroads as they now hold them in the free delivery service.

"Do you want this condition of affairs? If so, follow the lead of the Populist Nebraska, and if the sensible business interests of this country can ever be chloroformed into

sleep on that day of election you may succeed in achieving it."

Claiming that the Southern white primary settles the matter satisfactorily and that direct election of United States Senators would soon give the big Northern States enough power to enlarge their representation and pass a force bill through the Senate, he attacked this Bryanistic principle. He claimed Bryan to be responsible for the Denver platform provision for free tariff on lumber and charged his leadership with being responsible for the inroads of the Republican party into the old solid Democratic States. If Bryan is re-nominated Georgia will go Republican, as will other Southern States, he contended.

In concluding a summary of the advance made by Republicans in securing power in Democratic States, he concluded: "There are some of the fruits of Bryanism, and as for me I stand unalterably opposed to a continuance of the suicidal policy of looking to the Nebraskan for political leadership."

He retracted nothing which he admitted having said and expressed little care as what disposition the Legislature may make of the resolutions as he considered himself answerable only to the people of his district.

Following Mr. Clark's speech Mr. Alexander moved that the resolution be read, following which he moved that the resolution be considered.

Mr. Malone, Monroe, moved to indefinitely postpone action upon the resolution.

Mr. Alexander moved to lay the Malone motion upon the table.

This precipitated a harmless colloquy between Malone and Alexander, during which Mr. Calkins of Nassau arose upon personal privilege, "I object to the motion being taken up," he said.

The resolution has been made a special order for the 27th inst., and under rule 25 a unanimous consent of the House would be required in order to take up the resolution out of order.

Mr. Roberson of Suwannee moved that the resolution be considered now. The Chair ruled in favor of Mr. Calkins' motion that it would require a unanimous consent to take up the resolution now.

At this juncture, Mr. MacWilliams of St. Johns made a motion to adjourn until 10 o'clock Friday morning, which prevailed.

"There's going to be another man in Congress from the Second district after next election," was Representative Alexander's only comment after the meeting adjourned.

GOOD MONEY FOR FARMING PEOPLE

EAST-ENDERS RECEIVING FINE
PRICES FOR POTATO SLIPS.

Have Been Shipping for the Past Two
Weeks and the Demand
Is Good.

Already growers of the Waldo and Orange Heights section have commenced the shipping of sweet potato "draws" and are receiving fine prices for them.

Friday we were shown a check for something over \$100 in payment for one small order and the grower stated that it was about the fourth of this kind that he had received so far this season, besides numerous small quantities that would not reach this amount.

For the past few years there has been a great deal of money made in this manner and it has now become a regular business among a certain number of farmers living in the eastern part of the county, originally being started by T. K. Godbey of Waldo.

The prices obtained for these draws never fall below \$1.50 per thousand, unless the order is for an extra large shipment, and in small quantities is even greater, which shows that good money is to be made from the enterprise.

It is stated that there were in the neighborhood of 100,000 bushels of sweet potatoes planted in this manner in that section for the market alone.

THE NEWS FROM WALDO.

Millican's Sawmill Nearing Completion.
Personal Notes.

WALDO, April 15.—O. B. Weeks has moved into the new Ambrose cottage, which is a very pretty and cozy home near the Waldo House. He has installed his own gas lights.

D. Wymer of Fernandina visited his sister, Mrs. Judge Kennard, and other relatives last week. He knew Waldo when it was first settled and pointed out where the first log houses stood.

Nathan P. Cauthen, injured by a skidder seven weeks ago, and who has been in St. Luke's Hospital since, was brought home Monday and will be laid up yet some time. He suffered the fracture of a thigh bone.

Our town is scourged again with a merry-go-round. Some are seen riding who owe their nickles in stores.

Millican's sawmill is nearing completion, but will not run full time until prices are more encouraging.

T. K. Godbey is shipping potato plants to other States that can't get them so early.

Charley Strickland has a position in the store of W. D. Finlayson & Co.

Mrs. John Rollins continues very ill. The town council met Monday night and routine business was attended to. Mayor Doane made a verbal report which was encouraging. Some fines had been imposed and some cleaning up of the town.

Mrs. Joel T. Weeks was improving at last accounts, but has been very ill.

Miss Emma Entenza is attending a boy, Wynn, as trained nurse.

Vegetables and strawberries are cheap.

Albert Atwater is on crutches on the street.

Rev. T. L. Z. Barr preached an excellent Easter sermon Sunday. The choir rendered appropriate music and the church was elaborately decorated with ferns and cut flowers. At night the Epworth League rendered an interesting program led by Miss Poole. Readings and special songs and an address by the pastor were features of the exercises.

C. M. Bell has rented a part of A. L. King's residence and has moved in. Mrs. Bell is thus at her former home again. Miss Julia King is with them.

Mrs. Geo. P. Morris of Gainesville spent several days visiting relatives here last week.

Mr. F. G. Fritts, Oneonta, N. Y., writes: "My little girl was greatly benefited by taking Foley's Orino Laxative, and I think it is the best remedy for constipation and liver trouble." Foley's Orino Laxative is best for women and children, as it is mild, pleasant and effective, and is a splendid spring medicine, as it cleanses the system and clears the complexion. J. W. McCollum & Co.

HUMORS IN THE BLOOD

When the blood is pure and healthy the skin will be soft, smooth and free from all eruptions or disease, but when the circulation becomes infected with any unhealthy humor the effect is shown by eruptions, pimples, boils, or some more definitely marked skin disorder, such as Eczema, Acne, Tetter, Psoriasis, Salt Rheum, etc.

Humors get into the blood, usually because of an inactive or sluggish condition of those members whose duty it is to collect and carry off the waste matter and refuse of the system. This unhealthy matter is left to sour and ferment and be absorbed into the blood, and soon the circulation becomes filled with an acid, irritating humor.

The blood then, instead of performing its natural duty of nourishing the skin, regulating its temperature and preserving its uniform

softness, pliability and healthfulness, irritates and diseases the delicate tissues and fibers around the pores and glands and produces some of the various forms of skin eruption or disease.

The cause of all skin affections can be traced to some kind of humor in the blood. Healthy cuticles are only possible where the circulation is pure; and therefore the cure of any skin disease can only come from a thorough cleansing of this vital fluid. Salves, washes, lotions, etc., cannot cure. True such treatment relieves some of the itching and discomfort, helps to reduce inflammation, and aids in keeping the affected parts clean, but it does not reach the blood, where the real cause is located, and at best can be only palliative and soothing.

S. S. S. cures skin diseases of every character and kind because it purifies and cleanses the blood. It goes down into the circulation and removes the humors that are causing the trouble, builds up the weak, acid blood, and completely cures Eczema, Acne, Tetter, Salt Rheum, pimples, boils, and all other skin diseases and affections. S. S. S. is made entirely of roots and herbs, a safe vegetable remedy.

S.S.S.
PURELY VEGETABLE

When S. S. S. has driven the humors from the blood, and cooled and purified the acid-heated circulation, every symptom passes away, the skin is again nourished with rich, healthful blood, and comfort is given to disease-tortured skins.

S. S. S. cures Poison Oak, Poison Ivy, Nettle Rash, and all other troubles due to a humor-laden blood. Book on Skin Diseases and any medical advice free to all who write. S. S. S. is for sale at all drug stores.

NEW COUNCIL MEET.

Elect G. K. Broome Chairman of the Board for the Term.

From Friday's Daily Sun:

At the initial meeting of the new council last night, G. K. Broome was chosen as chairman to preside over the body for the ensuing term. He has several times filled this position and for many years has proven a faithful and earnest worker in the city's behalf.

With the canvassing of the returns of Tuesday's election the old council completed their labors and passed out of existence.

The Great Council of Florida Red Men held at Miami was a great success. The next general meeting goes to Palatka next year.

HAS PURCHASED BUSINESS.

J. W. Alsop Buys Out J. W. Malphurs & Son on Union Street.

J. W. Alsop has purchased the business and good will of J. W. Malphurs & Son, groceries, West Union street, and assumed entire control.

It is understood that the trade has been under consideration for the past several days but was only closed Friday.

Mr. Alsop is an experienced man in the business and will no doubt make a grand success of this already well-established business. For the present he will retain S. F. Shepard as one of the salesmen.

Card of Thanks.

I wish to publicly thank all of my friends and supporters for the way in which they helped me in the recent piano contest, which has just come to a close. While, of course, I wanted to win, as that was what I entered the race for, at the same time I am just as proud and delighted with the liberal way in which all assisted me as though I had been successful. Of course we know but one could win, and as I was not the fortunate one, I thank you just the same. I wish it was so I could personally thank each one.

Sincerely,
BESSIE DUPREE

Arrested on Palatka Charge.

From Sunday's Daily Sun:

Alfred Richardson, colored, has again been arrested on a charge preferred by the Palatka authorities, and was carried to Rochelle yesterday by Deputy Bruton to be transferred to the sheriff of Putnam county. It was thought Richardson had straightened up his differences upon his recent arrest, but it seems that he did not.
